

EARTH PARTNERSHIP

TEACHER'S WORKSHOP

Join us for a 5-day workshop using the outdoors as an educational tool to learn about native ecosystems and how you can transform your schoolyard into a learning lab all while improving the health of Ohio's waterways.

Earth Partnership seeks to:

- Bring people together interested in linking environmental and health concerns to academic achievement in science, math, social studies, language and the arts.
- Partner with communities to broaden participation and generate enthusiasm among youth to become the next generation of environmental stewards.
- Integrate Latino perspectives and experience with Earth Partnership's ecological restoration education programs in diverse watersheds and ecosystems. Lesson plans translated into Spanish.
- Address the needs of K-12 educators for culturally accurate and authentic resources across the curriculum.

June 26 - 30, 2017 with a one-day follow up session date TBD
(classes will be held at various locations from 9:00am - 3:00pm)

Fee: \$100 - includes instruction, materials, Earth Partnership K-12 Curriculum Guide, Project Wild curriculum guide. (Project Wild guides are provided free-of-charge by the ODNR-Division of Wildlife)

For an additional \$165 you can earn 3 graduate credits from University of Wisconsin.

Funding for school projects will be available upon completion of this workshop.

To register or for more information: Contact Amy Roskilly at 216/524-6580, ext. 1005, aroskilly@cuyahogawcd.org or register online at www.cuyahogawcd.org - click on Events (June 26, 2017)
